

Franchisee Consultant in Medical Device & IVD RA/QA/Clinical?

You are working as an independent Consultant, serving successfully your clients on Medical Device projects. You want to extend your reach and capabilities?

Join an international group – Medidee is looking for professionals in Germany.

Medidee Services is the Leading European Expert Consultancy Service supporting Medical Devices and In-Vitro Diagnostics compliance with international regulatory requirements.

We serve clients with hands on help and support for compliance with applicable regulatory requirements of our clients' target markets.

This generally includes assistance and coaching for setting up QMS, accompanying regulatory pathways, securing clinical evidence and supporting regulatory submissions.

Medidee Services is in most cases involved starting from the design & development process and usually supports clients throughout the entire life-cycle of medical devices including product verification, clinical validation and post market surveillance activities.

Based in Switzerland, Germany, Belgium, Denmark and the United States, we are active for clients worldwide.

For serving our clients located in central and northern Germany, we are looking for dynamic personalities, fluent in German and English, with good social and interpersonal skills.

Working with us

Cooperating with a fast-growing group where individual skills matter could be the opportunity you are looking for to secure and grow your client portfolio. Therefore, we have established a franchise collaboration model for serving our clients by providing them with the right expertise at the right time.

Interested? Send us an email including a CV and a short bio to michael.maier@medidee.com
